

11-17-22

I am Jennifer Emmi's OCAI and
she has a really hard time
breathing in the cold when I take
her to meals and meds..
She sometimes needs help getting up
from her chair.. I feel she has
medical needs that are not being met.
She should have an OCA 3, she has not
showered in weeks because she has
no one to assist her. She is denied
the help she needs. She is also unable
to mobilize her self in her wheel
chair do to her lupus causing sores
on her fingers.

Cassandra (no vaccine
Tacheco COVID+
194607 sick)
