

My name is Sarah Pring DOC #18907  
I have been in Closed Custody with  
Jennifer Emmi since she arrived 9/23/22.  
I have seen how terribly staff has  
treated her. I have tried to help  
her. Captain Mestas purposely moved  
me to the other side so that I could  
no longer help her. I confirmed this  
fact with CO Garcia. Mestas is  
threatening write ups to other inmates  
who help Jennifer Emmi now. Jennifer  
is left in her cell during meals, meds,  
pod times, and has not had a  
shower in a very long time, way  
longer than a month. What is  
happening is very wrong. I am  
happy to be called as a witness  
to all of this.
